Capsule counter type of pharmaceutical packaging equipment. Used for automatic packing of hard and soft gelatin capsules in plastic containers. Packing is carried out by the number of pieces.

Quality of tablets the technological term used in the pharmaceutical production of tablets. Ready-made tablets always go through several stages of preliminary testing, before mass production starts. Weight, thickness, strength, dissolution time, presence of damages and impurities are monitored.

Mixer pharmaceutical a technological term used in the pharmaceutical production of medicines. Used for various models of mixers for mixing loose powder and liquid pharmaceutical and cosmetic products.

Suppository line type of pharmaceutical production equipment. It is used for the formation of rolls of PVC and PE tape with cells. The equipment produces an automatic filling of the suppository mass into the cells, after which it is sealed and cooled. Pharmaceutical company from Iceland.

Analytical equipment it is very important to control the quality of raw materials and finished medicines in pharmaceutical production. Using laboratory research, we follow the indications of the moisture level, the melting time, the transparency, the decay and dissolution time, the quantitative composition, melting, the parameters of hardness, thickness, and ductility.

Mill type of pharmaceutical process equipment. Used for grinding various pharmaceutical and medicinal raw materials. There are many types of similar equipment with different capacities, hammer mills are most effective.

Plastic box the technological term used in the pharmaceutical packaging of medicines. It is used by specialists in relation to materials for the best preservation of medicines.

Applicable for all types and forms of plastic containers.

Pharmaceutical company from Italian Republic.

Encapsulation the technological process of production of pharmaceutical products. Encapsulation is associated with placing powders or granules in hard gelatin capsules or placing oils in suture and seamless gelatin capsules.
